

Free ScienceProject.com Access for Students

Only In Schools

In the past two years we have been able to find businesses who sponsor one or more project guides and make them available for free to some students. With new School Membership, all students can access all project guides in their own level FREE, using the school computers. With low cost school membership options, some of the student membership options such as limited time free and trial membership options are discontinued.

How to fund your School Membership?

Most schools can use their existing budget of books and subscriptions to pay for their school membership fees. Some schools use their technology education budget, science education budget or activity budgets.

Other sources of funding are:

- * City and County government
- * Board of Education/ School District
- * Local Businesses
- * Parents or PTA

School Membership

It is a dream come true for many students and teachers. Now every one in school can access ScienceProject.com with ease. No more user-id, no more passwords and no more limitations of 1 to 3 projects per student. Both students and teachers appreciate such valuable and Free educational resources on their school network. Best of all, it does not cost much for schools as well. Now with the same membership fee that one student used to pay in order to view 30 project guides, hundreds of students can access hundreds of project guides. Membership fees of \$25000 per school are reduced to \$250 per school. Now every school can afford to provide ScienceProject access to all students and teachers.

Is your school qualified?

Schools must have a local network of computers with access to the Internet. This is what most schools have. There is also a simple test that can verify your network. Visit www.ScienceProject.com from different computers in your school and see your IP address on the upper right corner of the page. If all computers show the same IP address, then your network is qualified. Put it simple, only the computers that show the same Internet IP address are in a qualified network.

How to Apply?

Application is online. Click on Join Now and select School Membership. Application must be completed by a teacher, a school administrator or school principal. Annual membership fees may be paid by a check from the school or school district office/ Board of Education.
